THE NEWEST  
CONCEPT  
IN TERMS OF  
JEWELLERY,  
FOR HAIR

## A CAPSULE COLLECTION INSPIRED BY «THE MODERN WOMAN»

Extremely qualitative pieces, handmade in Italy and supplemented by magic diamonds, noble metals and fine gems are the result of a long creative process between Beppe D'Elia, fashion&celebrities hairstylist and Nadia Missbach, high-end jeweller.

*«We thought about jewellery in a new way which has never been approached before. Why a sophisticated woman should wear boring clips and plastic eslastic bands? We are convinced that investing in pieces for hair are a future must in terms of fashion habits»*

## THE FIRST PART OF THE COLLECTION IS ALL ABOUT BASICS

Elegance and minimalism reflect the brand's philosophy.  
The design is clean and pieces are very functional and time lasting as well.

\*Every piece is available in 18k gold vermeil/sterling silver, 9k gold and 18k gold

## SECOND PART OF THE COLLECTION IS AN ODE TO GRAPHISM

Geometric lines, playful accessories that will enhance a simple ponytail or bun, turning it into a piece of art.

\*Every piece is available in 18k gold vermeil/sterling silver, 9k gold and 18k gold

THE LAST PART OF THE COLLECTION IS THE MOST EXCLUSIVE ONE

The last part of the collection is the more exclusive one. Diamond elastic bands, clips and pins are future in accessories to finish a party look, or add a glamour touch to any casual outfit.

\*Every piece is available in 9k gold and 18k gold, with diamonds.

WHY DO YOU  
STILL WEAR  
JEWELLERY  
EVERYWHERE BUT  
ON YOUR HEAD?
